EDUCATION

- Guru Nanak Dev University**
 - Bachelor of Technology - Electronics and Computer Engineering, CGPA: 8.46*
- Amritsar, India
Sept 2022– Present

TECHNICAL SKILLS

- Programming Languages :** Python, JavaScript, C++, Java, HTML/CSS
- Frameworks & Libraries :** Flask, React, Next.js, Pandas, Plotly, NumPy, Bootstrap, Tailwind CSS
- Tools & Databases :** Git/GitHub, SQLite3, MySQL, Vercel, Postman, IMAP/SMTP Automation.
- Domain Knowledge :** RESTful APIs, Data Normalization, RAG Pipelines, LLM Orchestration, Responsive Design.

PROFESSIONAL EXPERIENCE

- Lead Frontend Developer & Website Coordinator**
GNDU Regional Campus – Jalandhar
- Aug 2023– Mar 2025
- Optimized** web architecture using **Plesk Obsidian Server**, processed responsiveness and accessibility by 40% and streamlined coding, yielding a 50% performance gain.
 - Implemented** two national conference websites (**ETLT 2023 & 2024**) under a tight 2-week timeline.
 - Led a cross-functional team of 6** to develop GNDU Noteline, a **scalable platform** serving 500+ university students, facilitating access to **academic resources**.
 - Independent Experience**
Freelancer (Part-time, Contractual)
 - Deployed** a website for **local laboratory** (Guru Nanak Lab) using Next.js & shad-CN, increasing patient appointment bookings by 35% and establishing a digital presence.
 - Built** responsive web platforms using Next.js — including **Grow My Therapy**, **Celebrare Canvas**, and **Flat CV**.

PROJECTS

- Pennylook (Python, Flask, Pandas, SQLite, IMAP)**
 - * Automated **Data Ingestion** delivering a secure ETL pipeline to **retrieve** encrypted Axis Bank **e-statements** via Gmail IMAP, reducing manual financial tracking time by 100%.
 - * Architected a responsive dashboard using Plotly.js to visualize 12+ months of historical cash flow, transforming raw transactions rows into actionable spending insights.
- GNDU RC JAL Website (HTML5, CSS3, JavaScript, Bootstrap5, Git, Plesk Obsidian)**
 - * Revised **full-stack** campus website with modern layouts, achieving a 50% performance improvement through front-end and **server optimizations**, reducing load times and enhancing efficiency.
 - * Refined accessibility by 30% via **responsive elements and improved navigation**, significantly enhanced UX.
- GistGen AI (React, Vite, Tailwind, RapidAPI)**
 - * Implemented a responsive **OpenAI-powered summarizer** to process and distill article & news content in real time.
 - * Integrated AI Summarizer API from **RapidAPI** to enhance summarization by 40%, improving **user engagement** through concise, **real-time** insights.
- PrecisionLib240 Library (C++ , Packages, Git)**
 - * **Launched** a comprehensive open-source C++ **Freeware Library** comprising 240 unique functions simplifying complex C++ programming challenges.
 - * Released **v1.0.1** of the library under **MIT license**, marking its open-source launch for collaborative development.

POSITIONS OF RESPONSIBILITY

- Co-founder Web Dev Lead, Campus Connectors (Jul 2023–Present):** Established and led the campus community, fostering **open-source** collaborations, **12+ workshops** and **8+ meetups** to engage members.
- Web Development Lead, Technical Communities (Nov 2023–Present):** Conducted **two hands-on** workshops on web development, trained 50+ students through live **coding sessions** and real-world projects.

ACHIEVEMENTS

- Presented Research as Author & Speaker**
 - * **ETLT-2024:** Presented paper on *Advancements in Network Security: Focus on Shield Technology* (Paper ID: 202).
 - * **ETLT-2023:** Presented paper on *Cybersecurity Forensics –Analyzing Security & Challenges in Cloud* (Paper ID: 176).
- Awarded **Best Student Award** for 2025 at **ISTE National Student Convention** for best performance in North.
- Emerged as the **winner of Campus Annual Mock Placements 2024** by demonstrating exceptional skills among peers.
- Secured **1st Prize** at **LKCTC Jalandhar 2025** in the Project Display category for **innovation and technical execution** as part of a 3-member team.
- Engineered** a UAV Quadcopter with a **custom PCB** in 4 weeks; awarded an **‘O’ (Outstanding)** grade.
- Backdrop Builder 2024** contributor in **V3 Kickoff** with 1000+ developers from 80+ countries.

CERTIFICATIONS

- * Completed **Postman Student Expert** certification, covering API fundamentals and integration.
- * Completed **TCS iON Young Professional Program**, focused on career readiness and professional conduct.
- * Earned **Plesk Obsidian Professional Certification (OBS-2-PRO-EXAM)**, demonstrating expertise in server management and hosting.
